

The Concealed Bulletproof Vest POLICE 2022:

- The vest is designed for Police Officers or other Uniformed Forces operators.
- The vest is perfectly suited for wearing underneath clothes as covert protection.
- A proprietary design ensures maximum freedom of movement, without compromising the overall protection area.
- The vest features an internal, elastic stabilizing belt, which improves the user's comfort.
- Shoulder Velcro straps allow for adjustment of the wearing height.
- Side adjustment Velcro straps guarantee secure fastening and fit to the user's silhouette.
- The design and location of the straps do not damage the clothes.
- A high comfort of use is ensured by the best quality materials, including internal spacer mesh for proper ventilation and the wicking effect.
- Abrasion-resistant and non-staining materials, which do not cause allergic reactions, guarantee proven quality of the product.
- The vest is available in black and beige colors.
- Ballistic resistance of front and rear panels:
 - K2: resistance to 7.62x25 mm TT projectiles, weight 5.5 g, impact velocity 420 ± 15 m/s.
 - O2: resistance to fragments, weight 1.1 g, impact velocity from 525 to 600 m/s.
 - Resistance to knife blade – Level 1 according to NIJ 0115.00.
 - Resistance to spike – Level 1 according to NIJ 0115.00.
